Profile

Results-driven IT Specialist and Cybersecurity Enthusiast with hands-on experience in system engineering, software development, and database administration. Skilled in C, C++, Python, Java, PHP, JavaScript, HTML/CSS, and proficient with MySQL, MariaDB, PostgreSQL, and MongoDB. Experienced in modern tools such as Git, Docker, Vagrant, and Ansible. Currently pursuing a Master in Cybersecurity at ULB, building on a BCA from Parul University. Active participant in cybersecurity competitions including Cybersecurity Challenge Belgium and SANS NetWars.

Key Skills

Programming: C, C++, Python, Java, JavaScript, PHP, HTML, CSS

Databases: MySQL, MariaDB, PostgreSQL, MongoDB

Tools: Git, Docker, Vagrant, Ansible, PuTTY

Systems: IBM Power Systems, Linux (RHEL, Ubuntu,...), Windows Server

Cloud/Virtualization: IBM Hybrid Multicloud, VMware, VirtualBox

Cybersecurity: System hardening, secure configuration, vulnerability assessments, CTF participation

Professional Experience

KU Leuven – COSIC **Leuven, Belgium**
IT Specialist *Nov 2023 – Nov 2025*

- Designed and deployed custom software systems for internal and external departmental use.
- Configured, managed, and secured databases to ensure performance and availability.
- Provided technical support and troubleshooting for staff and researchers.
- Implemented system security measures, upgrades, and infrastructure improvements.
- Part of the team managing the secure online voting platform, ensuring correct configuration, voting operations, and tallying.

Rwanda Revenue Authority **Kigali, Rwanda**
IT Officer *Sept 2020 – Jan 2023*

- Installed and configured the Electronic Billing Machine (EBM) software for tax collection.
- Managed and maintained databases, ensuring data accuracy and compliance.
- Conducted local audits and validated data integrity.
- Ensured systems reported data seamlessly into centralized databases.
- Provided customer support and resolved software/system issues.

Mitra Systems **Blantyre, Malawi**
System Engineer *Nov 2019 – June 2020*

- Installed, configured, and maintained IBM Power Systems (Power7, POWER9) and Storwize/FlashSystem storage solutions.
- Performed system health checks, monitoring, and reporting.
- Supported system upgrades and preventive maintenance to ensure high availability.
- Designed and implemented storage and database configurations for scalability and reliability.
- Collaborated on SAP HANA deployments on IBM POWER platforms.

A to Z Technology Systems **Kigali, Rwanda**
Software Developer *Dec 2014 – June 2016*

- Developed and maintained software applications in multiple programming languages.
- Automated repetitive tasks using scripts to reduce manual workload.

Education

Université Libre de Bruxelles — **Belgium**
Master of Cybersecurity — *Current*

Parul University — **India**
Bachelor of Computer Application (First Class with Distinction) — *2019*

Groupe Scolaire de La Salle — **Rwanda**
High School Diploma (Distinction) — *2014*

Certifications & Badges

Core Technical & Security

CompTIA CASP – Cybrary, Feb 2018

Cisco CCNA – Cybrary, Feb 2018

Linux System Administration (LX03G) – Global Knowledge, Dec 2019

IBM FlashSystem V9000 Storage Implementation (SSFS3G) – Global Knowledge, Dec 2019

Intro to Malware Analysis and Reverse Engineering – Cybrary, Feb 2018

IBM Warranty Service Program (System Servicing)

Servicing IBM POWER7, POWER8, Power System S812LC & S822LC

Servicing IBM FlashSystem V9000 & FlashSystem 900

Servicing IBM Storwize V3500, V3700, V5000, V7000

Servicing IBM System Storage DS3000 Family

Servicing IBM Tape Library TS3500

IBM Specialist Badges

IBM Power Systems POWER9 V2

IBM Power Systems Cognitive Masters V2

IBM Hybrid Multicloud on Power

IBM Systems Business Partner SAP HANA on POWER9

SAP HANA on Power Systems
